How asset-based long-term care works

The Care Solutions® product suite offers asset-based long-term care (LTC) products that may provide individuals and couples with options to help them protect against the threat of LTC expenses — and still provide value if care is never needed.

By using the time-tested concepts of life insurance and annuities as their foundation, the Care Solutions products may help you prepare for these retirement concerns:

- Living a long life
- Covering LTC costs
- Helping with asset accumulation
- Assisting with wealth transfer

An asset-based LTC contract offers you

- Premiums that never increase
- Benefits even if LTC is never needed
- Flexibility of either a single or two-person contract

Repositioned asset can provide:

- Death benefit
- Cash value
- Long-term care
- Optional Continuation of Benefits for long-term care insurance rider
