

COMING SOON!

NEW NON-MEDICAL UNDERWRITING on Max Accumulator+ and AG Platinum Choice VUL 2

Effective April 16, 2018, Max Accumulator+ and AG Platinum Choice VUL 2 policies that fall within predetermined guidelines will be processed with non-medical underwriting; resulting in a fast, convenient path from submission to approval!

This process shortens the underwriting cycle time for many of your healthy clients. For those who qualify, the application process will be less intrusive: *no physical exam, no APS, no lab tests, and no Para-med.* Cycle times, from application receipt to underwriting decision, will be reduced significantly as a result.

Non-medical underwriting criteria

- Ages 0-50
- Face amounts:
 - Max Accumulator+: \$50,000 - \$499,999.99
 - AG Platinum Choice VUL 2: \$100,000 - \$499,999.99

Transition Rules:

- Paper applications received on or after April 16, 2018, will be setup with the new age & amount requirements, unless the old age & amount requirements are requested in the quote.
 - Max Accumulator+ and AG Platinum Choice VUL 2 quotes generated through WinFlex on or after April 16th will be illustrated using the new age & amount grids.³
- All applications with a received date after May 16, 2018 will automatically receive the new age & amount requirements.

FAQs:

Q: Will Accelerated Access Solution (AAS) be available on a non-medically underwritten Max Accumulator+ or AG Platinum Choice VUL 2 policy?

A: Yes, AAS will be available with any non-medically underwritten Max Accumulator+ or AG Platinum Choice VUL 2 application so long as this rider is currently available in the state in which they are applying.¹

Q: Can you explain the non-medical underwriting process more?

A: Non-medical underwriting means that no labs, physical exams, APSs, or Para-meds will be required from the proposed insured, or considered when underwriting the policy. We will still conduct reviews of the Motor Vehicle Report (MVR); Medical Information Bureau Report (MIB); and Prescription medication history (Rx Report) as required. Classes table E or better will qualify for the non-medically underwritten products.

Your underwriter will make an offer from Preferred Best to table E for your client based on the submitted applications, declarations of Part A and B, supplementary forms, and results of various database searches. This is not a blended rate, [your client will receive a "fully underwritten" rate through a non-med process.](#)² Clients who do not qualify for Table E or better can reapply for a face amount of \$500,000 or greater. They would then be eligible for full underwriting consideration; which includes para-med and APS based age and amount criteria.

Q: How is non-medical different from simplified underwriting?

A: Unlike American General Life Insurance's simplified underwriting process, a case that does not meet the non-med criteria will NOT automatically be diverted to full medical underwriting or to an underwriter for further evaluation.

Q: What happens if my client does not meet the non-medically underwritten guidelines?

A: Non-medical underwriting is now the ONLY option for underwriting a case for an individual ages 0 – 50 with a face amount of \$50,000 - \$499,999.99 for Max Accumulator+ and \$100,000 - \$499,999.99 for AG Platinum Choice VUL 2.

If the proposed insured does not meet the criteria, or wants to undergo full underwriting, they can either increase the face amount to \$500,000+ and re-apply, or apply for a different product.

¹Spouse/Other Insured Term rider not available on non-medically underwritten policies.

²Note that Tables A and B are included in the Standard Underwriting class pricing; Tables C, D & E are included in the Table D Underwriting class pricing. Substandard classes are only available through Table E.

³ During the transition period, quotes with the old age & amount grids can be requested from the Sales Support Desk.
